Subject: REJOICING

Since I was a long time friend of H.P. Robinson, I wanted to commend you on your efforts. There is much to say, but I did a revival meeting for him at Rockingham, N.C. What a time we had. He always wanted me to sing and play that old black number..."When God Dipped His Love in My Heart".

I was so shocked when I learned of his death. He was a great man and did so much to let others know about Jesus and for the IPHC. I'm sure he was in line to be the top Bishop. I hope that I will be able to tap his sermons as time goes by.

If H.P. isn't around to do his ministry, then those of us his friends, must pick up his mantle and share more Gospel where ever we go. May the Lord bless all of you.

Dr. Thurnace York (formerly of Holmes College -48)
